

A LABYRINTH JOURNEY

takes you to exhibit plazas and through a hidden passage to the bridgeway for a breathtaking eagle's view of Hoover Dam, Lake Mead, Colorado River, and Black Canyon.

TALES OF QUESTS

recount the historic journeys of courageous people who braved the desert and canyon in search of their dreams. Discover how modern engineers and builders conquered the chasm with an extraordinary bridge to speed your own journey.

HONORS FOR HEROES

are cast in bronze marking the inspiring life journeys of two remarkable men for whom the bridge is named.

EXTREME ELEMENTS

on the bridge may challenge you with searing sun, rushing canyon wind and roaring highway traffic while you are safely shielded by steel guardrails and concrete barriers.

WILDLIFE ENCOUNTERS

are possible during your bridge experience. Watch for wildlife; they are watching you (especially the rattlesnakes, chuckawalla lizards, hawks, and bighorn sheep).

WELCOME to the Mike O'Callaghan - Pat Tillman MEMORIAL BRIDGE

The Hoover Dam Bypass Project

UNIVERSAL ACCESSIBILITY

The entire journey to the far end of the bridge is accessible by wheelchair.

DISTANCE

Distance of your round trip journey to	
the near end of the bridge	0.6 mile
the center of the bridge arch	1.0 mile
