

**The famous are not always heroes,
but many heroes are not always famous.**

People are often called heroes for one great selfless deed,
but they also can be heroes for their lifelong small commitments.

**Departed heroes, as guides for our personal journeys,
leave us a legacy of their lessons in life.**

Tales of heroes, both the famous and the everyday kind,
can inspire us to care and call us to act.

HONORS FOR HEROES

Span Time & Place

**Artistic monument arches have been used
as tributes to heroes and events for two thousand years.**

Memorial arches span time and planes of existence
connecting us with the heroic spirit of those who led the way.

**The prehistoric rock art double spiral
is the earliest memorial near this once by-passed place.**

Native people honored their ancestors and their journeys
using petroglyphs along those trails.

**The modern deck arch bridge
is the latest memorial in this now passed-through place.**

Modern Americans often commemorate heroes
and their life journeys by naming a bridge in their honor.

**Find the marker at the center of the River Bridge where these ancient and modern symbols meet.
Marvel at this place and reflect on the meaning of your own journeys and heroes.**
